The Norwegian EPD Foundation

Declaration of Consent

By way of his/her signature on this declaration of consent, the applicant is in agreement with the supplementation of the "ECO Platform" EPD logo on the front page of his/her environmental product declarations issued via the declaration programme of The Norwegian EPD Foundation (EPD-Norge),

declaration number/s:

NEPD number	ECO Platform reference number
NEPD00096E	0000083
NEPD00097E	0000084

as well as with the associated registration on the website www.eco-platform.org for the duration of (residual) validity of the declaration/s.

The "ECO Platform" acts as the umbrella organisation of the various (national) EPD programme organisers in Europe that have committed to the application of European norm EN 15804:2012+A1:2013 as well as to compliance with specific minimum requirements with regard to quality management and the verification process determined by the ECO Platform members. The option of the registration of environmental product declarations for the affiliated programme organisers will enable a European pool of environmental product declarations in accordance with EN 15804 to be generated.

In order to guarantee the traceability of the registration conducted on the ECO Platform website, the EPD/s are additionally allocated on the front page a registration number that is provided by the ECO Platform and supplemented by the issuing EPD programme organiser.

Registration incurs annual costs payable by the applicant amounting to € 100 per EPD that are charged by EPD-Norge by way of the calculation of the trade mark use fees pursuant to the EPD-Norge Fee Regulations 2014.

I herewith agree to the registration of the environmental product declarations listed above on the ECO Platform website subject to the above-mentioned conditions.
